SEMESTER 2

SHORT COURSES
TAFE Western offers a range of short courses designed to meet your industry training needs.

Our courses can help you to meet current legislative requirements and gain new skills to improve your business.

Please do not hesitate to contact our Short Course Line if you would like a course customised for you.

For more information:

call 02 6393 2649 or email eileen.simmons@tafensw.edu.au
**AUTOMOTIVE**

**Authorised Gas Inspection Stations (AGIS)**

TAFE Course No: 19159

This course is prerequisite for authorised examiners without a gas installer’s certificate to achieve Motor Vehicle Repair Industry Authority (MVRIA) certification and RTA authorisation to inspect and test auto gas fuel systems and issue inspection reports for LPG or CNG fuel systems. To register please call 02 4229 0521.

Orange 7 Sep 8am-6pm 3143

$450

**Authorised Safety Check Inspection Stations (ASCIS)**

TAFE Course No: 19150/19151/19152

This course is a prerequisite for RTA authorisation to become an examiner and / or proprietor for the Authorised Unregistered Vehicle Inspection Station (AUSVIS). To register please call 02 4229 0521.

Examiner:
Orange 26 Oct 8am-6pm 3144

$315

Examiner/Proprietor Combined:
Dubbo 10-11 Aug 3146
9-10 Nov 3148

$400

**HVAIS Examiner/Proprietor (Combined)**

TAFE Course No: 19153/19154/19155

This course is a prerequisite for RTA authorisation to become an Examiner and / or Proprietor (or Nominee) to inspect and test vehicles and issue inspection reports to heavy vehicles under the RTA's Authorised Inspection Station Scheme. To register please call 02 4229 0521.

Dubbo 18/19/20 Jul 8am-6pm 3149

$650

**Automotive Mobile Hydraulics**

This course will teach the basic use and operations of mobile hydraulics.

Course run on demand to meet industry needs

**Automotive Gas Specialist**

TAFE Course No: 17401

Successful completion of this course with the relevant work experience will provide students with the knowledge and skills required to work as a gas vehicle installer / repairer in the automotive industry.

To register please call 02 4229 0521.

Course run on demand to meet industry needs

$1300

**AUTOMOTIVE**

**Automotive Air Conditioning**

**Cert II (30 hr) AUR20705**

TAFE Course No: 5659

This 30 hour course is for people who do not hold the MVRIA authorisation. To do this course you will need an ARTICK Automotive Trainee Licence and to apply for the ARTICK Licence you will need a letter from the TAFE trainer to prove enrolment in the course. The course applies to mechanics, automotive electricians who can provide documentation to satisfy the RPL requirements. Once you meet RPL requirements you will be issued with a Cert II in Automotive Air Conditioning, a national qualification.

Course run on demand to meet industry needs

$700

**Automotive Air Conditioning**

**(5 hr upgrade) AUR20705**

TAFE Course No: 5659

If you meet the requirements of the 30 hour program plus you have an existing authorisation provided by the MVRIA (i.e. old Licence) issued in NSW then it is possible to complete the 5 hour upgrade program only.

Course run on demand to meet industry needs

$350

**Diesel Emissions Awareness Training**

TAFE Course No: 23125

This free 4 hour training course is sponsored by the RTA and is designed to give practical measures to reduce heavy vehicle emissions. The course is designed for truck owners, drivers and operators, diesel mechanics, fleet and workshop managers. It provides information about the impact of diesel emissions on the environment and offers practical advice on the steps you can take to reduce the level of pollution.

Dubbo 19 Jul 12.45pm-4.45pm 22699 Free

**CONSTRUCTION**

**General Construction OHS Induction in NSW**

TAFE Course No: 10006

This course requires students to demonstrate personal awareness of OHS legislative requirements, basic principles of risk management and prevention of injury and illness in the construction industry. The course provides the compulsory standards to meet WorkCover requirements and is essential training for anyone employed on work sites.

Each participant must bring 100 points of Evidence of Identity (EOI) including photo identification to the course.

TAFE Unit No: CPCCOHS1001A

**Work Safely in the Construction Industry**

Orange 10 Aug 9am-4pm 3756

Dubbo 6 Aug 9am-4pm 3757

Cowra 20 Oct 9am-4pm 3758

Parkers/Forbes 15 Nov 9am-4pm 3759

Orange 12 Oct 9am-4pm 3760

Dubbo 22 Oct 9am-4pm 3761

$220

**Work Safely in the Construction Industry**

Brewarrina 15 Oct 9am-4pm 3763

Wellington 27 Aug 9am-4pm 3764

Cobar 15 Nov 9am-4pm 3765

Coonamble 12 Nov 9am-4pm 3766

Bourke 16 Oct 9am-4pm 3767

$240

**Computer Aided Drafting (CAD 1)**

TAFE Course: 23921

This course will introduce you to Computer Aided Drafting (CAD) and enable you to develop basic skills using AutoCAD software to produce 2D drawings. The course can initiate the development of CAD skills needed in various industries, including engineering and construction.

CONSTRUCTION

Course in Owner-Builder Compliance
TAFE Course No: 18946
National Course Code: 91509NSW

- CPCCCM1001A Undertake basic estimation & costing
- CPCCCM1003A Plan and organise work
- CPCCCM1004A Conduct workplace communication
- CPOOH2001A Apply OHS requirements, policies and procedures in the construction industry
- OBPERNSW001 Prepare to be an Owner Builder

If you apply for an owner-builder permit for work valued over $12,000, the Department of Fair Trading requires you complete the Course in Owner-Builder Compliance (91509NSW) or have the approved equivalent qualifications and experience.

Course Content
This course covers the following topics when addressing the units listed above:
- Preparing to be an owner-builder
- Occupational Health and Safety for the building industry
- Drawings, Estimating and Cash Flow
- Managing Contracts
- Managing the work

In addition to completing learning and some assessment online, you will be required to submit a series of assignments and complete an interview with your assessor to confirm your underpinning knowledge. On successful completion of the course you will receive a Certificate in Owner-Builder Compliance which you must present as part of your application for an Owner-Builder Licence to the Department of Fair Trading.

A WorkCover Construction Induction Card is a prerequisite. More information can be provided on this course when you enrol in the Course in Owner-Builder Compliance.

Price on application: 18946

Licence to Erect, Alter and Dismantle Scaffolding (basic level)
TAFE COURSE No: 19335
TAFE Unit Code: CPCCLSF2001A

This course provides participants with skills to erect, alter and dismantle scaffolding at the basic level, consisting of scaffolding work connected with the operation or use of modular prefabricated scaffolds, cantilevered material hoists with a maximum working load of 500kg.

Course run on demand to meet industry needs: 3169

Licence to Erect, Alter and Dismantle Scaffolding (advanced level)
TAFE COURSE No: 19336
TAFE Unit Code: CPCCLSF2003A

This course provides participants with skills to erect, alter and dismantle scaffolding at the advanced level, consisting of scaffolding work related to a construction project requiring the use of heavy work platforms.

Course run on demand to meet industry needs: 3169

Licence to Operate a Boom Type Elevating Work Platform (under 11m)
TAFE Course No: 26190
TAFE Unit No: TLILIC2005A

This 5 day course provides the skills to operate an elevated work platform up to 11m.

Course run on demand to meet industry needs

Licence to Operate a Boom Type Elevating Work Platform (over 11m)
TAFE Course No: 10191
TAFE Unit No: TLILIC20005

This 3 day course provides the skills required to operate a boom-type elevating work platform (boom 11 metres or more) for licencing purposes. The course covers operation of telescoping, hinged or articulated devices.

Course can also be delivered to suit industry needs

Licence to Perform Rigging (basic level)
TAFE Course No: 19335
TAFE Unit No: CPCCLRG3001A

This 5 day course provides the skills to perform basic rigging work associated with movement of plant & equipment, steel erections, hoists, placement of precast concrete and static lines, perimeter screens and cantilever crane loading platforms for licensing purposes. Students must have completed the prerequisite course – Licence to Perform Dogging.

Course run on demand to meet industry needs: 3171

Licence to Perform Rigging (advanced level)
TAFE Course No: 19336
TAFE Unit No: CPCCLRG3003A

This 2 day course provides the skills to perform advanced rigging work associated with the movement of large plant & equipment, steel erections, hoists, placement of precast concrete and static lines, perimeter screens and cantilever crane loading platforms for licensing purposes. Students must have completed the prerequisite course – Licence to Perform Dogging.

Course run on demand to meet industry needs: 3172

Demolition Supervision Restricted
TAFE Course No: 6454

The aim of this 4 day course is to provide skills and knowledge for Demolition supervisors.

Course run on demand to meet industry needs: 3176

$1200

Bricklaying for Home Gardeners
TAFE Course No: 27649

This 10 week course provides the home gardener / handyman an opportunity to gain some skills in bricklaying for those wanting to complete small jobs around the home.

Bathurst – run on demand

$400
TAFE WESTERN 2012 Short Courses

**CONSTRUCTION**

**Estimating Made Easy**

TAFE Course: 28749

Building Cost Estimating made easy using Cordell Estimator internet based software. This course, of six hour duration is intended for persons engaged in or wanting to save time in tendering for building work. The course is suited to those with building construction knowledge who would like to streamline and improve their estimating practices and success rate.

Participants in this course will:
- be introduced to the Cordell Estimator software and its features;
- learn how to access the Cordell Estimator database;
- learn how to create your own rates;
- prepare an estimate for a simple building project;
- generate a range of reports from the software;
- learn how to retrieve and edit an existing estimate

Bathurst 3179
Course run on demand to meet industry needs
$250

**Certificate I General Construction (Fencing)**

TAFE Course No: 10362

This course covers theory and practical to obtain the qualification necessary to apply for a contractors fencing licence with the Department of Fair Trading.

Orange Expression of Interest
$1100 3218

**ELECTRICAL**

**CAD for Sparkies**

TAFE Course No: 27276

This course provides participants with some basic CAD skills to compete basic electrical drawings.

Course run on demand to meet industry needs
$340 3180

**Grid Connected Photovoltaic Systems**

TAFE Course No: 19823

This 5 day course includes 2 theory face-to-face workshops, a 3 day practical workshop, plus self-paced online training requirements in between the workshops. The course covers the design and installation of grid connected PV systems. It includes working safely, set-up and design, placement, securing and connection of the PV system and associated components, applicable national standards and guidelines, connecting to a supply grid converter, metering, and circuit connection. The course provides national qualifications required to apply to the Clean Energy Council of Australia to become an accredited installer of PV technologies if participants already have an Electrical Licence.

Course run on demand to meet industry needs
$1550 3181

**Restricted Electrical Work Disconnect / Reconnect**

TAFE Course No: 17698

This 6 day course is for people with a non-electrical trade qualification who want to acquire skills to undertake limited electrical work. You will learn about electrical safety, basic electrical circuits, terminating conductors to Australian standards, isolation procedures, safe disconnection of equipment and testing of equipment. Participants must provide evidence that they hold trade level qualifications related to maintenance and servicing of equipment.

Course run on demand to meet industry needs
$1050 3186

**Communications Cabling (Electricians)**

TAFE Course No: 6093

To attend this course students must have a Certificate III in Electrotechnology Systems Electricians or equivalent or be long-term experienced cabled.

Course run on demand to meet industry needs
$1500 3187

**ENGINEERING**

**Basic Pneumatics**

TAFE Course No: 24319

In this 9 week course you learn the basics of pneumatics including basic principles, component identification, symbol identification, circuit reading and circuit construction.

Courses run on demand to meet industry needs

Courses can also be conducted to meet demands in Lithgow and Bathurst or on site in industry using our mobile Pneumatics / Hydraulics training unit.

$650 3188

**Basic Hydraulics**

TAFE Course No: 26806

In this 9 week course you will learn the basics of hydraulics including basic principles, component identification, symbol identification, circuit reading and circuit construction.

Courses run on demand to meet industry needs

Courses can also be conducted to meet demands in Lithgow and Bathurst or on site in industry using our mobile Pneumatics / Hydraulics training unit.

$650 3189

**Cut and Destruct**

TAFE Course No: 5602

Learn how to use oxy-acetylene equipment safely and efficiently in this 4 hour course.

Course run on demand to meet industry needs
$350 3190

Management of Risk of Harm to Students and Staff

TAFE NSW is required by law to ensure the health and safety of students, staff and visitors on our premises. In order to meet these legal obligations it is necessary for us to assess and manage any known risk of violent behaviour. If you have a history of violence that may suggest that you could pose a current risk of any type to TAFE students, staff and/or visitors it is a condition of your enrolment to advise the Campus Manager, a TAFE Counsellor or your Head Teacher prior to attending your first class.

For these purposes ‘violence’ is not restricted to physical acts. It includes any behaviour in the last ten years that seriously interferes with the physical or psychological safety and well-being of others such as: *actual violence to any person, *possession of or use of a weapon or any item with the intention to cause harm or injury to others, *threats of violence or intimidation of others, *suspension or expulsion from any school or educational institution for violent or aggressive behaviour.

TAFE NSW is committed to offering vocational education and training to the entire community. TAFE NSW is required by law to ensure the health and safety of students, staff and visitors on our premises. In order to meet these legal obligations it is necessary for us to assess and manage any known risk of violent behaviour. The Next Step

Once we receive your registration and payment form we will send you course confirmation and information.

Payment Method

Registration forms and payment must be received 10 working days prior to the course commencement date.

Please note that courses with low enrolments may be cancelled or deferred. If this occurs we will contact you within 5 days prior to the course commencement and offer to transfer or refund the course fee in full.

If you register and find you cannot attend a course you must advise us at least 5 days prior to course commencement. Course fees will not be refunded or transferred after this time.

TAFE Western offers a large range of training services to meet the needs of industry. For more information about these services contact TAFE Western Business Coordinator on 02 6393 2645 mobile 0419 148 090 or email eileen.simmons@tafensw.edu.au

Customised Training
TAFE Western offers a range of courses to meet the needs of your business.

Benefits of our training:
- Courses can be delivered at times to suit your workplace
- Courses can be customised and delivered on-site to reduce travel time for your staff
- TAFE NSW delivers nationally recognised training
- TAFE Western is the 2007 NSW Large Training Provider of the year
- TAFE NSW can also facilitate access to funding to help support your training needs
- TAFE has extensive experience working with many of the region’s larger industries
- We offer specialist post-trade skills to keep you current with the latest trends
- Our Business Coordinator can visit your business to discuss your training needs

Support for Industry
TAFE Western offers responsive and customised support for industry.
- Access to over 2,400 courses and national qualifications
- We will work with you to analyse your training needs
- We can assist you to gain funding to meet training needs
- We can customise training to meet your workplace requirements
- We can develop plans to provide training, linked to your strategic directions & emerging needs
- We can build a partnership with you to provide solutions for training issues

Traineeships
Traineeships provide a flexible pathway for your staff to gain nationally recognised qualifications.

Benefits of our traineeships are:
- Training and assessment is completed by qualified trainers and assessors with specific industry knowledge
