TAFE Western – Wuxi International Child Care activities definitely had positive impacts for our staff as well as the parents and children at our centre. The opportunity to have cultural exchanges with Australia has given everyone a broader vision and view of the world, and we are really excited to continue our partnership with TAFE Western.

Alex Jiang, Director, Wuxi International Child Care

We have gained a lot from visiting TAFE Western. I am very impressed by the way that TAFE Western blends theoretical and practical learning and their methods of distance learning delivery are very advanced. The trip has been a fruitful one.

Mr Liu Heyun, President, Hunan University of Humanities, Science and Technology

EARLY CHILD CARE MASTERCLASS

“The TAFE Western master class in Early Childhood Education introduces advanced philosophies in Australia, enhances educators’ teaching strategies, and recognises the importance of sustainability,” said Sumei Xu (Early Childhood Educator).

TAFE Western’s Head Teacher for Children’s Services, Katherine Lance has shared important Australian child care training methods, work practices and skills with staff at China’s Wuxi International Child Care Centre.

Ms Lance delivered a five day master class for educators in the child care sector, that focused on how children’s services are delivered in Australia. "There were some beneficial relationships developed between staff, children, families and students," Ms Devenish said. "Students involved in this program have developed skills that they would never have developed whilst working in Australia.”

CHILD CARE PARTNERSHIP DELIVERS GREAT RESULTS

TAFE Western is forging an important partnership with Wuxi International Child Care Centre that is delivering exciting, mutually beneficial results.

Ten TAFE Western students and Children’s Services Teacher Sally Devenish spent time working at Wuxi International Child Care in 2015.

The visit was part of TAFE Western’s Outbound Mobility Program and enabled the students to learn important work practices and skills that will ensure better care for children in Australia. “There were some beneficial relationships developed between staff, children, families and students,” Ms Devenish said. “Students involved in this program have developed skills that they would never have developed whilst working in Australia.”

TAFE Western has earned 20+ awards recognising excellence in training in the last 10 years
