TAFE Western is the specialist traineeship provider to many employers, with over 1500 trainees currently being supported by TAFE Western across NSW.

Features of TAFE Western’s Traineeship Services

High Quality Traineeship Trainers and Assessors
TAFE Western has a team of traineeship trainers and assessors who have current industry skills and nationally recognised qualifications to support your trainees.

Traineeship Plus
As the leading training provider in Western NSW TAFE Western can offer your trainees access to our Traineeship Plus services. Trainees can get easy access to some of our TAFE Western short courses to provide additional learning opportunities to build their skills. These services are negotiated with your TAFE Western Assessor and are subject to availability. Access to tutorials through our connected classrooms and online courses are also an option.

Excellent Learning Resources and Student Support Services
All your trainees are provided with professional learning resources. They can access free student support services such as our counsellors, Aboriginal and disability support consultants, tutorial support and our online My Tutor service.

Industry Consultation
TAFE Western has regular communication with employers and trainee supervisors to keep you updated on your trainee’s progress. We use our flexible and innovative approach to design training and assessment services to meet your workplace needs.

Flexible Options
- Recognition services for existing worker trainees
- Tailored workplace assessments linked to your training systems
- Assistance to access government training incentives through our partnerships with Australian Apprenticeship Services
- School based traineeship options
TAFE Western offers an extensive range of nationally recognised traineeship courses from Certificate II to Diploma options. All our traineeships are customised to suit the specific industry area. We work in partnership with employers to ensure your trainees receive high quality training and assessment services and get the skills to meet industry requirements.
